ELITStone

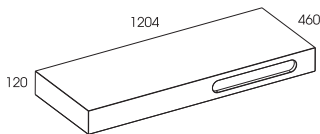

ElitStone to marka blatów i konsol zaprojektowanych konkretnie dla firmy Elita. Te wyjątkowe komponenty powstały w wyniku przetwarzania naturalnego surowca, jakim jest kamień. Właściwości kamienia pozwalają przygotować blaty i konsole, które są odporne na zarysowania, działanie wody i pary, a także wysokich nacisków. Ze względu na swoją trwałość idealnie sprawdzają się nie tylko w domu, ale także w pomieszczeniach użyteczności publicznej.

ElitStone is a brand of worktops and consoles designed specifically for the Elita company. These unique components were created as a result of processing natural raw material which is stone. The properties of the stone allow you to prepare worktops and consoles that are resistant to scratches, water and steam, as well as high pressure. Due to their durability, they are perfect to only at home but also in public spaces.
